To

The Hon'ble Sri K.Kamaj,
Chief Minister of Madras,
Camp;Mangalore.

CHIEF MINISTER'S

ASSISTANT SECRETARY TO GOVT.

10 DEC 1955

2833 X

Memorandum submitted by Sri K.Suryanarayana Adiga
Chairman,Mangalore Municipal Council.

When you visited this City last you were kind enough to lay the foundation stone for the Treatment Works of the Mangalore Water Supply scheme on 29th April,1955. Therefor you would naturally be interested to know the progress made since then in the execution of our Water Supply scheme.

2 The Treatment Works is estimated to cost Rs.14.5 lakh I learn that the detailed plans and estimates have not yet received the sanction of the Chief Engineer. Though tenders have been invited for the execution of the Treatmen Works,the tenders cannot be accepted and execution cannot commence unless the detailed plans and estimates are sanc-tioned . Any further delay in sanctioning of the estimates will delay the commencement of the work on the Treatment Wo and would put off the completion of the work as the monsoon will set in,in another six months. Therefore,I request you kindly interest yourself in the matter and see that the detailed plans and estimates are sanctioned immediately,and that work is commenced forthwith.

3 At the headworks of the Water Supply System,15 miles away from the city,the work on the intake well,settling tank storage tank etc. is in progress and it is expected to be completed by April,1956. And the pump sets to be installed there are expected by that time. Those pump sets are to be electrically operated. For this a 11 K.V.line from Mangalore to the headworks has to be laid immediately so that electri-cal energy from the thermal station in Mangalore could be supplied to work the pump sets at the headworks. This 11 K.V line ~~from~~ could at ~~the~~ a future date be used for the distribution of electric energy from Mangalore to Bantwal when power is received from Jog. But the installation of the 11 K.V.line from Mangalore to the headworks cannot be delayed till power is received fr Jog.Therefore,I request you to see that a 11 K.V.line to convey electricity from Mangalore to the headworks is imm-ediately installed. Unless this is done the Water Supply wi be held up for some more years. This 11 K.V.line within the Municipal limits could be put up at the cost of the Public Health Division or the P...D.or the Electricity Department. And the 11 K.V.line from the Municipal limits up to the head Works could be put up at the cost of the Community Project, as there are founds there as also a scheme for a 11 K.V.distri-bution line along the above route from Mangalore to Bantwal. entire 11 K.V line would cost about Rs 1,00,000.

Thanking you

I remain,
Yours faithfully,

Chairman,M.C.

Municipal Office
Mangalore,D/29-10-1955.

Very urgent

Ref: Govt. Endt. No.111011 H6/55-1Health, dt.18.11.55

...

The plans and estimates for the Treatment works have not yet been received from the Sanitary Engineer. Technica sanction will be accorded to the estimate soon after they a received from Sanitary Engineer. To avoid any delay in the progress of the work, the Suptg. Engineer (Public Health) was permitted to invite tenders for the filter plant and th Suptg. Engineer, (Public Health) has already intimated that he has placed an order for the filter plant required for th Mangalore water Supply Scheme.

2. As stated by the Chairman it is necessary to have electric power supply at the Headworks of the Mangalore Wat Supply Scheme by 1956. The matter has been taken up wi the Electricity Department and the Chief Operation Engineer South has stated that it is possible togive a supply to the Water Supply Scheme Headworks by August 1956 provided, Jog power is extended by the Mysore Government. If there is an delay in this programme of supply, then the alternative of giving a supply from the Mangalore Thermal station can b considered. To bring the water supply scheme into operatio early it will be necessary togive ~~a high Mangalore Water Supply Scheme into operation early it will be necessary to~~ a high priority for the work of electric power supply to the Mangalore Water Supply Scheme Headworks.

Necessary orders may please be issued to the Electri Department in this regard.

Fort St.George, Madras-9.

Letter No.4237. F/55-9. dated 18-4-1956.

Sir,

Sub: Electricity - Pykara System - Extension of power to Mangalore Water Works.

Ref: My letter No. 4237. F/55-8, dated 15-3-1956.

It has been reported that there is no spare power available with the Mangalore licensee to give either normal or staggered supply to the water works. Two of generating sets in the licensee's station have broken down and it may take some time for them to be commissioned. The Mangalore-Buntwal scheme which already envisages H.T. supply to the water works have been sanctioned vide G.O. Ms.No.1383, Public Works, dated 16-3-1956 and the Superintending Engineer, Pykara Electricity System has been requested to carry out the execution of the scheme expeditiously.

2. Further I have to state that the Chief Engineer for Electricity, Mysore Government has also been requested to give Jog power as early as possible. Hence H.T. supply to the water works will be given immediately Jog power is made available from Mysore State.

for CHIEF OPERATION ENGINEER(SOUTH).

..

The Chairman, Municipal Council Mangalore is informed that it has bee reported that there is no spare power available with the Mangalore Licensee to give either normal or staggered su ly to the Water Works at Thumbe as tw of the generating sets in the License station have broken down and it may take some time for them to be commi- ssioned. The Superintending Engineer Pykara Elecy. System has been instruc ted to ~~execute~~ take up the sanctioned Mangalo Buntwal scheme which envisages supply of electricity to the Water Supply Scheme at Thumbe and the C.E.(E) Mysc has also been requested to give Jog power as early as possible. In the circumstances, supply of power to the Water Works at Thumbe will be given immediately Jog power is made availat ~~from~~ by the Mysore Govt.

P.W.D.(E-2).

Sub: Electricity - Pykara System - South Kanara Dt - Supply of power to Mangalore Water Supply Scheme.

Ref: From the Chairman, Mangalore Municipal Council Memorandum dated 29-10-55.

Please see the memorandum from the Chairman, Mangalore Municipal Council at p. 1 c.f.

2. With reference to the request in para 3 p.1 c.f it may be mentioned that the C.E.(E) has submitted separately a scheme for extension of supply of elecy. from Mangalore to Buntval and en-route villages for approval of Govt. The scheme envisages supply of powe to the Water Works at Thumbe. However the source of supply of power will be from Jog Hydro Electric Scheme of Mysore Govt. which is expected to be available early in the next year. The Chairman, Mangalore Municipal Council however requests that a 11 K.V. line may be laid immediately so that electrical energy from the Thermal station in Mangalore could be supplied to work the pumpsets at the Water works. He has also pointed out that this line may be used for the distribution of electric energy from Mangalor to Buntwal when power is received from Jog. An extract of para 3 p.1 c.f may be sent to the C.O.E(S for remarks. ~~for necessary action and he may be asked to give a suitable reply to the Chairman, Mangalore Municipal Council~~. Draft memo is accordingly submitted for approval.

3. After issue, the file may be sent to H.E.L.A. fo action on the request in para 2 p.1.c.f

Water Supply - Mangalore water supply Scheme - execution of.

..

The Chairman,Municipal Council, Mangalore has requested

(i) that the detailed plans and estimates for the treatment works of the Mangalore water sup scheme may be ordered to be sanctioned immediately

and (ii) that a 11 K.V. line from Mangalore t headworks may be installed immediately for working the pumpsets.

2. The C.E., P.W.D.(Gl) who was consulted in the matter has stated that the plans and estimates for the treatment works have not been received fro the Sanitary Engineer and as soon as they are received technical sanction will be accorded. In or to avoid any delay,the Superintending Engineer (P. was permitted to ~~avoid any delay the~~ invite tender for the filter plant and he has placed an order fo the plant. The Chairman, Municipal Council, Mangalore may be informed about the position.

3. With regard to the supply of electrici the C.E.(P.W.D.(GL.) has stated that the matter has been taken up with the Electricity Deptt. and Chief Operation Engineer, South has stated that it is possible to give a supply to the water supply scheme headworks by August 1956 provided Jog power is extended by the Mysore Govt. If there is any delay in this programme of supply then the alterna tive of giving a supply from the Mangalore Thermal Station can be considered. The C.E.P.W.D.(Gl. considers that to bring the water supply scheme in

priority for the work of electric power supply to the Mangalore water supply scheme headworks.

P.W. may be requested to issue necessary orders for the C.E.(Elecy.) to give high ~~pxri~~ priority for the work of electric power supply to the Mangalore water supply scheme headworks.

4. A draft memo. is submitted.

After issue, the file may be sent to P.W. for taking necessary action with reference to para 3 on p.2 ante.

....

The file relates to the proposal to supply power to the Water Supply Scheme at Thumbe, South Kanara Dist. from the Mangalore Power House in advar of Jog power.

2. The Chairman, Mangalore Municipal Council

P.T.O

has stated that the pumpsets to be installed in the Water Supply Scheme at Thumbe are to be electrically operated and has requested that for that purpose, a 11 K.V. line from Mangalore Power House to the head works of the scheme may be laid immediately, so that electricity from the Thermal Station could be supplied to the work the pumpset at head works. He has pointed out that the line may be used for the distribution of electric ener from Mangalore to Buntwal when power is received from Jog; but that the e installation of a 11 K.V line referred to cannot be delayed till power is received from Jog as power is required urgently a the water works.

The C.E., P.W.D.(Gl.) considers that to bring the water supply scheme into operation earl it will be necessary to give a high priority for the work of electric power supply to the Mangalor Water Supply Scheme head works.

3. It may be mentioned that a major scheme f extension of supply of electricity from Mangalore to Buntwal and en-route villages in South Kanara District has since been sanctioned in G.O.MS.No. 1383, P.W., dt. 16.3.56. The scheme envisages supply of power to the Water Works at Thumbe. However the source of supply will be from Jog Hy Electric Scheme of Mysore Govt. However the Cha man, Mangalore Municipal Council wants supply of power immediately to the water supply scheme at Thumbe from Mangalore Power House in advance of

~ p3y

Jog power. 4. The C.QE.(S), who was referred to in the matter, has stated that there is no spare power available with the Mangalore Licensee to give either normal or staggered supply to the water works. Two of the generating sets in the licensee's station ha broken down and it may take some time for them to b commissioned. The C.O.E.(S) has also stated that th S.E., Pykara Elecy. System has been requested to ca out the execution of the Mangalore-Buntwal scheme expeditiously and the Chief Engineer for Electricit Mysore Govt. has also been requested to give Jog po as early as possible. He has therefore concluded t H.T. supply to the Water Works will be given immedi tely Jog power is made available from the Mysore Go

power 1 & 2 h21q

4. It may be mentioned that it is understood that the concerned Minister of the Mysore State has assured some prominent M.L.As. of the South Kanara Dist. that Mysore will make available power for Sou Kanara Dist. at the latest by ~~the~~ June 56. The CE(S) has been informed of this and he has been requested to take up Buntwal sc In the circumstances, supply of power to the water works scheme at Thumbe, will be given as soon as Jog powe is made available.
